MERCHANT SHIPPING NOTICE

MSN 1821 (M)

Approved Medical Practitioners (Approved Doctors) with effect from 1 September 2009

Notice to all Shipowners, Agents, Masters, Seafarers, Approved Medical Practitioners and Medical Referees.

This Notice replaces Merchant Shipping Notice MSN 1818(M) and should be read in conjunction with MSN 1765 (M) which gives details of the medical examination system and lists the medical and eyesight standards, and MSN 1815 (M) which lists the countries whose seafarer medical certificates are accepted as equivalent to the UK seafarer medical certificate.

PLEASE NOTE:-

Where this document provides guidance on the law it should not be regarded as definitive. The way the law applies to any particular case can vary according to circumstances - for example, from vessel to vessel and you should consider seeking independent legal advice if you are unsure of your own legal position.

Summary

With effect from the 1 September 2009 this Notice updates:

- the list of **Medical Practitioners** approved to carry out UK seafarer medical examinations (ENG1) (Appendix A)
- the list of **Companies** with doctors approved by the MCA to conduct ENG1 examinations for their company employees ONLY (Appendix B)
- those approved **Healthcare Providers** with whom contractual services for the provision of ENG1 medicals may be arranged (Appendix C)
- the list of **Medical Referees** appointed to carry out seafarer medical reviews (appeals) (Appendix D)

and provides information on the appointment of MCA approved medical practitioners.

It should be noted that an ENG1 medical certificate is **not** required for those operating on certain categories of small vessels operating less than 60 miles from shore. Details of the medical certificate required for such persons can be found in MGN 264 (M) and in the 'Your Health at Sea 6' leaflet.

1. Introduction

1.1 The Merchant Shipping (Medical Examination) Regulations 2002, as amended, make it a legal requirement for any seafarer (as defined in the Regulations), to hold a valid certificate

attesting to their medical fitness for the work for which they are employed. Seafarer medical certificates are valid for a maximum of 2 years.

1.2 The requirement for a medical fitness certificate does not apply to anyone employed on a fishing vessel, a non commercial pleasure vessel, an offshore installation while on its working station or to those specified in paragraph 2.2.2 of MSN 1765(M).

1.3 This notice lists the doctors approved to issue UK seafarer medical fitness certificates (ENG1s).

2. Acceptable Medical Fitness Certificates

Accepted medical fitness certificates for work on a UK ship are:

- (i) a national certificate (known as an ENG1) issued in accordance with the provisions of the Regulations by an MCA approved medical practitioner (known as an Approved Doctor) or an MCA Medical Referee, listed in Appendix A, B, C, and D of this Notice;

or

- (ii) a seafarer medical certificate issued in accordance with the Maritime Authority of any country listed in MSN 1815 (M).

Both of these lists are kept updated on the MCA's webpage (www.mcga.gov.uk) under Working at Sea / Medical Certification and Advice / Seafarer Information.

3. Application for a Medical Certificate

3.1 Applications may be made directly by seafarers to one of the Approved Doctors listed in Appendix A, or by company employees to the doctors listed for their company in Appendix B. The Approved Doctor is entitled to require payment of the prescribed maximum fee (currently £80), as listed in the current Merchant Shipping (Fees) Regulations, but this cost should be met by the seafarer's employer or company (*Reg 7(4)*).

3.2 Approved Doctors should be able to offer an appointment for an ENG1 medical examination within one week of request. Where this is not possible, for instance because of holidays, the Approved Doctor should be able to suggest alternative Approved Doctors in the vicinity – although this may not apply to seafarers who require review by the original examining doctor, or in company setups where medicals are required to be carried out by the company approved doctor only. Seafarers who are having difficulty in obtaining an appointment or feel there is a lack of availability in a specific area should notify the Medical Administration Team on the contact details provided below.

4. Appointment of Approved Doctors

4.1 General List – Whilst the number of Approved Doctors is not finite, appointments are kept under review and are restricted to areas where a need has been demonstrated i.e. a requirement for at least 50 medicals a year.

4.2 In the interest of fair and open competition, and for administrative and quality assurance reasons, doctors are only approved to carry out medical examinations at the address to which they are appointed. However, approval may be given to carry out medicals at a subsidiary address if in close proximity to the main surgery. The appointment is not transferable to any other location or practice without the approval of the MCA. The appointment is also not transferable to any other doctors in an Approved Doctor's practice either on a temporary or long-term basis without approval from the MCA.

4.3 When a need has been identified, for example as a result of an existing Approved Doctor retiring or moving away, or due to increased demand in an area, the normal practice is for the MCA to advertise the vacancy through local NHS structures amongst all GPs in the locality. Any suitable applicant who has approached the MCA will be kept on a waiting list, and notified when a vacancy in their area has been advertised. All applicants are considered by the Chief Medical Adviser and the MCA in relation to their training, qualifications, experience, facilities and availability and the successful applicant is appointed for one year at a time.

4.4 Overseas – The MCA's Approved Doctor system is established to provide a service essentially for UK seafarers, i.e. those holding UK Certificates of Competency, and/or those working on UK vessels. This means that most Approved Doctors are based in the UK, although where the need can be specifically demonstrated, the MCA may approve doctors overseas in countries whose certificates are not recognised as equivalent. However, for ease of administration and communication, and for audit and quality assurance reasons, the appointment of Approved Doctors abroad is strictly limited.

4.5 Any suitably qualified medical practitioner who would like to be considered for a vacancy if and when one arises should contact the MCA's Seafarer Medical Administration Team at the address below.

4.6 Company Appointments – Where a company or organisation employing seafarers has a requirement for a comprehensive medical service as well as the performance of statutory medical examinations, it may apply to the MCA for a doctor(s) from the General List to act also as its approved company doctor, or request approval of its own employed or contracted medical staff to carry out seafarer medical examinations for their own employees only. Company appointments may be made both within the UK and overseas, depending on the company requirements.

4.7 Commercial Healthcare Providers – To support the supply of doctors available to companies and manning agents who require a comprehensive seafarer health support service, a commercial healthcare provider may apply to the MCA for approval at any time, solely to undertake work for a long-term contract(s) for one or more specified maritime employers, subject to meeting relevant appointment criteria.

Details of approved healthcare providers are published in Appendix C for companies to approach should they wish to.

5. Latest updated information

5.1 This Notice is updated and issued annually. In addition, the lists at Appendices A, B and C are updated monthly on the MCA's webpage (www.mcga.gov.uk) under Working at Sea / Medical Certification and Advice / Seafarer Information.

5.2 Further information on the contents of this Notice or any aspect of seafarer medical certification is available from any of the Approved Doctors listed in the Appendices, or the MCA at the address below.

HEALTHCARE PROVIDERS

The following healthcare providers are approved to conduct seafarer medical examinations only in respect of companies / organisations with whom they have contracts to do so.

Companies / organisations wishing to set up such contracts may contact the Healthcare Providers listed below;

HEALTHCARE PROVIDER	DOCTOR
Abermed Ltd Forest Grove House Foresterhill Health & Research Complex Foresterhill Road Aberdeen AB25 2ZP	Dr A Carroll Dr A M Bendomir Dr L J Harper Dr Paardenkooper Dr M E Wright Dr K M Allan
Tel : 01224 788800	
RS Occupational Health 8 Craigshaw Road West Tullos Aberdeen AB12 3AQ	Dr A Goodge Dr S McHardy Dr G Crabb
Tel : 08700 503456	

MEDICAL REFEREES

Any seafarer (including new entrants) found permanently unfit (Category 4), or temporarily unfit (Category 3), or fit only for restricted service (Category 2), will be issued with a Notice of Failure/Restriction form (ENG 3), giving them a right of review (appeal) by one of the following independent medical referees appointed by the Secretary of State for the Department for Transport. A seafarer may only appeal against a restriction or a period of temporarily unfitness if the validity of his/her certificate is greater than 3 months.

Applications for review should initially be made to the MCA's Medical Administration Section at the address provided on the ENG 3 form. Referees should not be contacted directly.

Dr S Boorman - Fleet
Dr K Hartington - Portsmouth
Dr G Helliwell - Newcastle
Dr C Ide - Coatbridge
Dr R Philipp - Bristol
Dr S Robson - Manchester
Dr S Ryder - Inverness
Dr D Watson - Great Yarmouth
